

Candidate for Treasurer

Lucy Todd

Why am I running for Treasurer?

- I am qualified
- I have experience - Treasurer for my HOA and Treasurer for the North Carolina State meeting since 2007
- ANNA has experienced many changes in the 31 years I have been a member
 - Chapters closed
 - Declining membership
 - Members retire; too few younger nurses join

What can ANNA do to enhance organization vitality and relevancy for membership?

- Maintain unwavering focus on our mission and goals, incorporated in the new Strategic Plan, to light our ANNA Lamp of Nursing
- Invest in membership to raise awareness of chapter participation value. This is our base; we must nourish to flourish.
- Critically examine our methods. Are they working? Are they producing desired results? If not, why not? What needs to change? We help patients adapt to change; we must do the same.
- Partner with like-minded entities, e.g. ESRD Networks. They are non-profit with access to every dialysis clinic in their geography; their primary function is education. There is strength in collaboration that is mutually beneficial. The NC State meeting bears witness to the value of collaboration. Serving in meeting leadership for 15 years has shown me this value!
- Enable chapters with technology assistance to improve member communication and education. Virtual meetings grow engagement without the barriers of distance, traffic, and travel time.
- Empower our members to advocate, wherever and whenever, for nursing as a profession, nephrology as a clinical specialty, patient needs, and quality health care as a basic human right.

Remember: Nourish to Flourish
