Dear Chairman Walden and Ranking Member Pallone,

On behalf of the Nursing Community Coalition, we would like to express our continued commitment to work with you and the House Energy and Commerce Committee to pass the Title VIII Nursing Workforce Reauthorization Act of 2017 (H.R. 959). This legislation is the keystone of the coalition's advocacy work and remains our number one priority in the 115th Congress.

As you know, Title VIII has helped to build the supply and distribution of qualified nurses. These programs bolster nursing education at all levels, increase the number of nurses entering the workforce, and provide support to institutions that educate future nurses to ensure the high demand for nursing care is met. Nurses supported through these programs go on to provide high-quality, evidence-based care to patients in a variety of settings, with a particular focus on those living in rural and medically underserved communities.

The coalition looks forward to supporting the committee's efforts on this piece of legislation. If the Nursing Community Coalition can be of any assistance to you or your staff, please do not hesitate to contact the coalition's Executive Director, Dr. Suzanne Miyamoto, at smiyamoto@aacnnursing.org or 202-463-6930, ext. 247.
