

Candidate for ANNA National Director

Marijo Johnson, MSN, RN, CNN

- Leadership Objective: To provide servant leadership to nephrology nurses and improve outcomes for the nephrology nursing workforce and those receiving care for chronic kidney disease
- Philosophy: I believe in the development of a diverse nephrology workforce to care for a diverse population of kidney care recipients. Each nurse has unique knowledge, skills, and experiences. Embracing these individualities allows for growth and progress within the profession. My passion is providing empathetic care, advocacy, and education. I believe in life-long learning, continuing quality improvement, and networking is key to advancing kidney care initiatives. I am eager to serve ANNA members.
